TIGER'S EYE "C" TABLE

\$5,425

DESCRIPTION

This side table is a rare and one-of-a-kind treasure. A striking octagon shaped, hand-cut piece of Tiger's eye, known for its chatoyant appearance, sits atop a luxurious hand-crafted brass base with a light gold finish. The base bears a unique "C" shape allowing it to fit comfortably next to a bed or sofa. Tiger's Eye is almost solely used in jewelry because of its striking appearance. The unconventional use of the precious material in this table make this piece a true work of art. The stone was processed entirely by hand. The base is hand-crafted as well and its finish and size can be customized to fit the customer's needs.
