TIGRIS VASE BY ETTORE SOTTASS - MEMPHIS MILANO

\$1,165

DESCRIPTION

Delicate white surfaces and eclectic volumes give life to the unique design of this porcelain vase created by Ettore Sottsass as part of a series of three pieces inspired by three major rivers. As a statement piece or combined with the Nile and the Euphrates, this vase will be a superb sculptural decoration for a contemporary interior, adding a visually intriguing texture of white elements resting on a black base with a pale-blue element symbolizing water.
