TILES BLACK 3-DOOR SIDEBOARD

\$6,840

DESCRIPTION

An exclusive design of great visual effect, this sideboard will infuse a sophisticated style in a modern living or dining room decor. Handcrafted of wood with a matte black lacquered finish, its standout feature is the exquisite two-color, computerized engraving flowing seamlessly on the panels, the rich design inspired by the floor tiles of old manors. Supported by an L-shaped base in black-lacquered steel, the three doors open to two separate storage compartments, each with an 8 mm-thick glass shelf. Please ask the Concierge about soft-close or push-pull opening options.
