TILES LIGHT BLUE DRESSER

\$10,980

DESCRIPTION

An exercise in structural balance and visual harmony, this superb dresser is a functional design that revisits a classic silhouette with a modern eye. Boasting a sleek wooden frame on a steel base, this exquisite piece offers a two-color finish that visually divides the large lower drawers (36 cm high) in matte lacquered powder-blue, and the smaller ones on top (18 cm high), enriched with a geometric computerized engraving evoking the floor tiles of old manors. The drawers have birch plywood interior, Blumotion slides, and optional soft-close or push-pull opening.
