TIME SAND ARMCHAIR

DESCRIPTION

An elegant addition to any modern-style living room, this armchair is a testament to traditional craftsmanship and aesthetic balance. Inspired by mid-century modern design, this structured silhouette sits on a walnut-veneered ash wood base with tapered feet. Boasting an enveloping shape with wide back and comfortable goose down-filled seat cushion, this armchair is covered in a refined sand-colored fabric (col. 1590/92 cat. Extra) with elegant stitching and piping. The cover is removable and the wood base can be in natural or dark walnut finish, wenge stain, white, or black open-pore lacquer.
