**TO THE BONES RING WITH RUBY**

**\$360**

## DESCRIPTION

The idea of love and pain as inevitably intertwined feelings served as the inspiration for this eye-catching unisex ring crafted of gold-plated sterling silver by expert goldsmiths. The combination of the skull-shaped element with emerald eyes, a flower, and a heart-shaped ruby is meant to convey a positive outlook on death - and, indeed, life. Please contact the Concierge for the gold version and relative pricing.
