TOLIMAN DESK LAMP

\$910

DESCRIPTION

The structure of this elegant desk lamp is made entirely in metal and consists of a round base and a shaft that runs vertically and continues over the shade ending in a round top. The shade, a sophisticated semi-spherical metal element facing downward, is varnished in black to complement the light nickel finish of the rest of the piece. Modern sophistication and classic appeal coexist in this object that will decorate a contemporary living room, a study, or bedroom.
