TOLIMAN FLOOR LAMP

\$990

DESCRIPTION

This charming floor lamp is a modern reinterpretation of the classic floor lamp with clean lines, geometric shapes, and cool colors. The use of metal throughout with a nickel finish is also a contemporary choice, while the semi-spherical shade is painted in a black varnish to complement to lightness of shaft, base and top. Minimalist but not cold, delicate but not romantic, this piece will effortlessly work to brighten up a classic décor, or a modern setting.
