TONDO DONI BOBODA PASSION VASE

\$2,770

DESCRIPTION

The three Goddesses: Love, Power and Passion, together forever! The extension of the curve, projected in space-time, makes its own wave propagates. The line's path, in the distance, shrinks and stretches, the differential geometry fills the missing spaces. The shape born from the deformation of itself, as cosmic phenomena, the masses vary their distribution abruptly, the color and the bright transparency crown these absolute symbols of decorative beauties.
