TONDO DONI THORIS BOWL

\$4,640

DESCRIPTION

The original design of this unique bowl, its exquisite craftsmanship, and the use of fine crystal create a stunning object of functional decor that will not go unnoticed. Particularly suitable for a modern home, this bowl can be displayed as a large centerpiece on a dining table or, turned 180 degree, can host small trinkets in the many bowls made of transparent and amber-color crystal that adorn its semi-spherical silhouette.
