No Smoking The Future

TOOBO GRAY/BLACK MIRROR

\$3,880

DESCRIPTION

A playful asymmetrical shape meant to offer an artful perception without twisting the reflection distinguishes this sophisticated mirror. Its signature eco-conscious mark is revealed by the incorporation of gray recycled paper onto its surface, sealed by the water-based black paint used to decorate the dynamic poplar blockboard frame that encases both the round mirrored glass elements. Please consult the Concierge for customization inquiries and pricing of the UL certification.
