### TOPKAPI II PORCELAIN PLATE

\$100

#### DESCRIPTION

Part of the Topkapi series, this superb porcelain plate will add elegance and a touch of exotic mystery to the table. Inspired by the Seraglio palace built in Turkey in the 15th century, the purple decoration on the white background represents a lovely outdoor scene with trees and a gazebo. This exquisite object of functional decor can be used with others from the same series either identical or in different colors for a more dynamic look.
