TOPKAPI 5 PORCELAIN PLATE

\$95

DESCRIPTION

A view of the 15th century Istanbul palace of Topkapi adorns the white surface of this porcelain plate. A delicate shade of blue is used to depict elegant turrets and domes surrounded by trees as seen behind a gate. Part of the Topkapi collection, this piece evokes the mystery and sophistication of the 15th century Ottoman Empire and will be a superb addition to any table, either with identical ones, or combined with others from the same series for a more dynamic effect.
