TORCELLO CUSHION

\$830

DESCRIPTION

Entirely made in Italy, this superb cushion is an homage to the regal cushions of the Renaissance. Fashioned of velvet named "Torcello" after the island near Venice, this cushion is marked by a richly detailed relief design with lavish scrolling and floral motifs in a soft gold on an ivory background. The delicate fringe in Marabou and lining are fashioned of soft Marabou stork feathers, a precious detail creating a unique visual and textural contrast. Displayed on a living room couch or a chaise lounge in the entryway, this piece will elevate any decor with its effortless grace.
