TORRI 2-DOOR SIDEBOARD BY DANIELE DELLA PORTA

\$12,300

DESCRIPTION

A sculptural piece of striking textural value, this stunning sideboard by Daniele della Porta is the result of meticulous and skillful craftsmanship. Fashioned of Canaletto walnut, the two doors are marked by vertical and evenly-spaced grooves that add to the textural value of the piece, and which partly reveal the bright hue of its white Carrara marble top. The interior features two spacious plywood shelves finished in a yellow-lacquered color. Customization is available upon request, please ask the Concierge for details.
