TORSÈ ROSE QUARTZ LOW CARAFE

\$170

DESCRIPTION

Part of the Torsè Collection, distinctive for its unique texture where a series of parallel grooves carve delicate waves on the smooth surface of the glass to create a twisted decorative pattern, this low carafe is elegant and timeless. It can be used as a unique vase or sophisticated liquor bottle to display and serve drinks after dinner. Its handcrafted shape is tinted with a delicate pink shade at the bottom that fades toward the top for an ethereal effect.
