TOTEM ELEPHANT BOX WITH LID AND INTERIOR DECORATION

\$370

DESCRIPTION

Part of the Totem Collection, this box with lid is an eclectic storage space that is decorative both outside and inside as it hides an elephant-shaped decoration below the lid. This unique porcelain object is inspired by the 18th-century trend of using animals and vivid colors to decorate lavish interiors. In this case, complementing colors such as green and red, black and white, create unexpected patterns, adorned with inserts in gold for a superb final effect. It is possible to customize any piece of this collection with a quote or dedication. Please ask the Concierge.
