TOTEM FLOOR LAMP BY MASCIA MECCANI #17

\$4,980

DESCRIPTION

A lighting solution inspired by totem poles, this floor lamp will infuse any decor with its bold personality. The vertical structure in solid cherry is composed of a central column complemented by cylindrical shades in white ceramic distinguished by their uneven texture result of a deft, entirely manual process. Two stately cherry volumes enlivened by a grooved texture reinforce the footed base. Each lamp is numbered and signed by the artist.
