TRAME DRESSER

\$8,820

DESCRIPTION

Showcasing the unique aesthetic distinctive of Barba designs, this dresser merges simplicity and sophistication in a piece that will stand out in any modern bedroom. The walnut-veneered frame evokes pure elegance with its diamond-engraved front panels inspired by the patterns of the ancient Japanese "kumiko" wood pieces. The low profile unit is raised on four wooden legs (20 cm height) and features four push-open drawers, two on each side, with Blumotion slides and plywood interior (15 mm), whose front is decorated with a stunning geometric pattern.
