## TRANSITION NIGHTSTAND

\$11,940

### DESCRIPTION

Designed by Giovanni Luca Ferreri, this exclusive nightstand is part of the Transition collection, featuring innovative pieces with simple, geometric lines that combine luxury materials with traditional handcrafting techniques. The tubular brass structure, with an elegant antiqued and bronzed finish, supports a single drawer whose door is embellished with a striking golden mirror with "Ghebo" engravings that add a delicate hammered effect. A precious grey tanganyika wood veneer with a matte lacquered finish completes the inside part of the drawer.
