### TRESOR 6-LIGHT CHANDELIER

\$5,980

---

#### DESCRIPTION

This refined chandelier features a linear design with a central structure and six curved arms that extend from a cup-shaped base. Entirely made of Venetian mouth-blown glass in a pale yellow, the piece is embellished with glass crystals on the spherical elements below the light bulbs cups, the crown, and the base. The leaf-like elements embellish the stem, creating alluring reflections. This is a truly sophisticated chandelier whose jewel-like quality will add understated elegance to any interior.
