TRIGONO CUP

\$450

DESCRIPTION

This elegant cup is part of the Trigono collection, named for the triangular base featured on all the pieces. The cup was crafted by hand on a lathe using clay from Etruscan caves and then painted by expert artisans with vivid glazes in white, green, blue, red, and purple in a linear pattern. The base is hand painted in a matte black. The colorful decorations paired with the minimalistic silhouette make this piece a perfect addition to a modern or contemporary décor.
