**TRIO TALL BLUE STOOL BY MARTINO GAMPER**

\$770

## DESCRIPTION

Part of the Trio Collection, this tall stool was designed by Martino Gamper in 2015. Its structure is crafted of beechwood bent using steam-based techniques. The standout element of this piece is its base, comprising three legs that bend at the top to support the seat in plywood. The rich blue shade of this piece adds an elegant pop of color that will be eye-catching in a modern or eclectic interior.
