## TRIS BOX WITH ALABASTER PIECES

\$1,830

### DESCRIPTION

Traditional craftsmanship and noble materials make this game box the ultimate sophisticated accessory. A perfect gift and a precious addition to any home, this box is made of wood with the top of the lid upholstered in leather. The alabaster noughts and crosses' translucent surface and smooth texture elegantly complement both the natural finish of the wood and the dark, rich brown of the leather. Either alone or combined with the other game boxes by the same designer, this piece will be a sophisticated accent in any home or suitcase.
