Carola fra i Trulli

TRULLO BLACK AND WHITE FIG LEAVES SCENTED CANDLE

\$105

DESCRIPTION

Created in collaboration with master ceramist Franco Fasano in Grottaglie, this scented candle is part of a numbered series available in bold color combinations. The reusable ceramic vessel designed by Carola Altamura is expertly crafted on a lathe in the iconic shape of a "trullo" decorated with a spotted black and white pattern using the traditional "macchiato" technique. Infused with an exclusive fragrance evoking the fresh, earthy notes and aromas of the Apulian countryside, developed by a renowned French company, the candle is hand-poured of 100% vegetable soy wax.
