TUBE MIDNIGHT-BLUE VELVET SOFA

\$11,275

DESCRIPTION

Exuding pure plushness with its plump and embracing shape, this sofa was designed to uplift the look of contemporary homes while providing comfort to be shared with family or friends. The plywood frame is complemented by a generous polyurethane foam padding, distributed to create an ample seat and two piled, curved cylinders serving as enveloping backrest and armrests. An intense midnight-blue shade in polyester velvet upholstery completes the design.
