TULIPANO CHAIR

\$890

DESCRIPTION

Either as an accent piece in a living room or entryway, or as a chair around a dining table, this armchair will make a statement in a classic or vintage-inspired interior, thanks to its elegant lines and the use of high-quality materials. The wooden structure supports a cushioned top featuring a combination of straight lines (seat and armrests) and curved elements (oval backrest). The light stain on the wood complements the fabric upholstery of the cushions.
