TUNDA WHITE VASE BY WALTER USAI AND VALENTINA CAMERANESI SGROI

\$450

DESCRIPTION

This vase was inspired by the traditional nuptial vase that was gifted to new brides on the island of Sardinia. Sensual and modern, this piece is a visually stunning decoration for a contemporary or rustic home. It can be paired with the Marria vases for a dynamic effect. Crafted of terracotta with an unleaded glaze, it was designed by Valentina Cameranesi Sgroi, in collaboration with Walter Usai. Entirely handmade, it is adorned with a series of small roses at the base of the neck, and two bent handles with curved elements at the top.
