DESCRIPTION

This desk is a stunning work of art of strong visual impact that will enrich the look of a modern or eclectic interior. Showcased as a console in an entryway or desk in a study, this piece will make a statement thanks to its unique silhouette fashioned of aluminum bars piercing the two sides in briar root and the magnificent inlay work that adorns the surface. Inspired by various art of the 20th century, this decoration uses precious wood types, among which rosewood, beechwood, ash, and walnut, to reveal abstract patterns and striking color combinations.
