TURQUOISE SIGNA JAR WITH LID

\$90

DESCRIPTION

Refined and elegant, this timeless and versatile ceramic vase captures the sophistication of the Paolo Piatti brand. An exercise in simple forms and bold lines, this vase is distinguished for its flowing silhouette, with the pronounced bulb-shaped body tapering to a wide mouth that is topped with a dainty lid. Drawing from 19th-century Florentine straw-made objects, the jar is marked by vertical grooves with small horizontal engravings that enhance its textural allure. Showcased on a vanity or bathroom console, this stunning jar is the perfect statement piece for a rustic or traditional home.
