TWEE T. BLACK SMALL SUSPENSION LAMP BY JAKE PHIPPS

\$2,060

DESCRIPTION

Perfect for a romantic bedroom or an eclectic interior, this highly stylized suspension lamp features a cage of black-painted metal rods housing a bird crafted of BOSA, hand-painted black ceramic, perched on a swing. Designer Jake Phipps was inspired for this series by the ancient tradition of keeping songbirds in cages at home, which he transformed in a status lamp-object. The LED light source is on the base of the cage, covered by a double polycarbonate diffuser, projecting the light both upwards and downwards in a stunning visual effect. Available also in 24k gold plating.
