TWISTED HEX CHOKER IN PINK GOLD

\$280

DESCRIPTION

Part of the Twisted Hex collection, this feminine and bold piece is a stunning addition to a modern woman's jewelry box. Its simple silhouette, crafted of 925 silver with 18k pink gold plating has a distinctive twisted texture and its delicate hue elegantly contrasts with the grey color of the accent in Ceramicon, a very resistant, high-tech ceramic. The barrel fastener screws open to add unique charm and make this sophisticated necklace a customized jewel.
