ULYSSE ARMCHAIR

\$12,885

## DESCRIPTION

Modern and classic at the same time, this bold piece of functional design will make a statement in any decor, thanks to its unique structure in wood, with its striking oval elements supporting the armrests that, as the legs, have a glossy finish. The feet are accented in metal with a golden finish, while the cushions can be upholstered in different ways, by choosing among leather, unbuckle leather, cotton, silk, or velvet, as in this case.
