UNI PALE BLUE ARMCHAIR

\$1,955

DESCRIPTION

A versatile armchair with contained volumes that allow it to be showcased anywhere in a modern home, this piece boasts a bold and sophisticated design with geometric yet delicate lines. The structure in beechwood with dark lacquer supports a generous seat with short armrests and a tall hourglass-shaped back. The gold details on the wood are an ode to the Etruscan jewelry tradition, which is also evoked by the name of the piece (Uni is the supreme goddess of the Etruscan pantheon). The elegant velvet upholstery is available in 30 different shades, please ask the Concierge.
