VANCOUVER TALL CENTERPIECE

\$170

DESCRIPTION

This tall centerpiece is a versatile and stunning addition to a modern or coastal decor. It was crafted entirely by hand of ceramic with a grey finish and boasts an elegant external texture of vertical ridges that enliven its plinth base and curved body that flares out at the top in a large mouth. The effect is modern and sophisticated and will add a charming accent to an entryway, living room or dining room as container to display a variety of food, short-stemmed flowers or collectibles.
