VANITY DESK

\$14,750

## DESCRIPTION

This vanity desk merges functionality with style in a sleek design that will match a modern decor, easily transitioning from the bedroom to the living room. The desk features a combination of light and dark, open and close elements: the waterfall top, sides, and front of drawers have a beige eucalyptus veneer, while the single U-shaped leg and the borders have a black-lacquered finish. The company logo appears on the metal handles of the five-drawer unit, which also doubles as a leg, and the base of the black lacquered two-sided mirror fixed on the tabletop.
