Mazzotti 1903

INQUINANTE CERAMIC VASE

\$640

DESCRIPTION

This collector's item is part of a line of ceramic vessels designed in 2009 by Tullio Mazzotti in honor of the centenary of the founding of the Futurist Movement. All the items in this exquisite collection are based on original designs by the author and executed with the same passion, the same materials and manufacturing techniques used since the founding of the Mazzotti company, in Albisola, the "Free Republic of the Arts," as Filippo Tommaso Marinetti christened it.
