VEIA IV BOWL

\$2,860

DESCRIPTION

This exquisite bowl was made entirely in ceramics using the finest terracotta. Its simple shape makes it a versatile piece that can be used on the dining table with food or on a console as a centerpiece to hold decorative objects. The gentle curves of its surface are adorned with a series of parallel bands that mix abstract patterns with stylized vignettes. The tan color of the base is used in combination with black decorations and spots of white for a timeless, elegant effect that will complement any decor.
