## VEIN SIDE TABLE WITH WHITE CARRARA MARBLE TOP

\$505

### DESCRIPTION

A contemporary design that is entirely handcrafted of exclusively Italian materials, this versatile side table lends streamlined sophistication to any room in the house. Raised on a four-legged base of transparent methacrylate, this design showcases a stunning white Carrara marble top with a squared shape that draws a seamless continuous line with the laser-cut legs obtained with the UV-gluing technique. This table will add a contemporary flair to a living room next to a low-profile chaise sectional, in a bedroom as a nightstand or in an entryway as a functional occasional table.
