VELVET CHANDELIER

\$5,490

DESCRIPTION

This majestic chandelier is a traditional Venetian piece inspired by the art deco style that injected new life in the Murano glass manufacturing. Its elongated arms stem horizontally from the vertical structure and bend upwards to hold the light shades creating a sinuous silhouette that is sophisticated and suitable for both classic and contemporary decor. This piece can be customized in different colors, among which marine green, amethyst, coffee, grey, and transparent amber. Please ask the concierge for details.
