**VENERIS SET OF 1 MIRROR AND 2 CONTAINERS BY NUNZIA PONSILLO**

\$860

## DESCRIPTION

Inspired by the architecture of the Roman amphitheaters, Veneris is a unique design by Nunzia Ponsillo composed of three pieces: a round mirror inserted on a demi-lune base and two small containers, one round and one oblong, that can be used to hold small jewelry and other knick-knacks. A striking display on a vanity or desk in a contemporary and eclectic interior decor, the unique aesthetic of this design is perfectly embodied by Keep Life®, a unique wooden composite derived from shells of hazelnuts, chestnuts, walnuts, almonds, pistachios, and peanuts.
