VENEZIA NIGHT BLUE BOWL

\$260

DESCRIPTION

This stunning bowl is an exquisite object of functional decor to display anywhere in a modern house. The edges radiate up and outwards as a continuation of the irregular ridges on the surface, recalling the moment when a drop of water kisses the sea. This piece was made of glass and boasts an interior painted in deep blue and an exterior plated in 999 silver using the eco-friendly SilvanSputteringAg technique, a sustainable process exclusive to Argenesi.
