## VERDE COLLINA SET OF 4 TILES #1

\$130

### DESCRIPTION

Marked by a striking array of forms and colors, this set of majolica tiles will provide a superb accent in a modern or rustic kitchen, bathroom, or dining room decor. Painted and glazed exclusively by hand, these tiles merge to reveal intricate design inspired by Sicily's Moorish art influence. Meticulously detailed in a moss-green paint, the design features frond motifs on an ivory background with a sinuous, bell-shaped frame. A subtle grid in the background enhances the geometric balance of the piece. In a kitchen or bathroom, these tiles will age gracefully due to their protective glaze.
