\$3,740

DESCRIPTION

This vase is truly unique. Its design merges the classic silhouette of the container with modern additions of two ear-like decorations on either side acting as handles. This piece was crafted entirely in black Murano glass and on its front, it features an "Isis eye" decoration in white and red. A reinterpretation of the Veronese vase by Cleto Munari, this piece will fit perfectly within a modern or classic decor, and is part of a limited series of only 49 pieces.
