Editions Milano

VERSI BIG TRAY BY PATRICIA URQUIOLA

\$760

DESCRIPTION

Designed by Patricia Urquiola, this stately piece for Editions Milano embodies bold geometry and sculptural allure. Crafted exclusively by hand, this rectangular tray is fashioned of white marble with lateral handles in red marble, the subtle red and grey veining and white striations in the material intensifying its effortless sophistication. The angular, serrated surface elegantly contrasts with the smooth handles, creating a textured and dimensional look. Subtle variations in color and texture are due to the handcrafted nature of the item, with no two pieces being alike.
