**VERSI CARAFE BIG BY PATRICIA URQUIOLA**

\$760

## DESCRIPTION

A study in form and material, this refined carafe will add a timeless and modern touch to a dining table or kitchen countertop. Designed by Patricia Urquiola for Editions Milano, the carafe is hand fashioned of two types of marble, the top made of light-grey with delicate red veining and the bottom in white. The irregular shape of the carafe is highlighted by the teardrop-shaped mouth, the upward-tilted spout, and the flat-edged handle, creating a visually intriguing yet harmonious piece.
