VERTICAL GARDEN RUG

\$8,910

DESCRIPTION

The Vertical garden rug was made especially for the 'Gardens' exhibition held at the Fortuny Museum in Venice. This exquisitely crafted tapestry is a true work of art with its background in linen of an ivory shade and its central band creating a luscious colorful garden. The lush vegetation was achieved using two different types of wool both knotted and tufted creating luxurious textures. This piece will instantly enhance and liven any decor it is placed in.
