Serena Fanara

VERTIGO GREY AND PINK MARBLE BOWL

\$2,640

DESCRIPTION

Part of the Vertigo collection, inspired by the gentle movement of algae in the sea, this bowl is a stunning piece of functional decor that will add sophistication and elegance to an entryway, living room, or private study. It was crafted using CNC (Computer Numerical Control) of Billiemi grey marble with an insert at the bottom of pink onyx. Its one-of-a-kind allure is given by its finish, handmade by the masons of the historic Sicilian company Petram.
