## VERTIGO VASE

\$2,275

---

### DESCRIPTION

Part of the Vertigo collection, this vase with lid was crafted of transparent glass and features a footed shape and a conical bowl. The smooth surface of the piece is adorned with an etched decoration that boasts a dynamic tension thanks to a series of irregular lines running diagonally, enclosed in gentle curves. This enlivening object of functional decor can store and display a variety of trinkets, and can be paired with other items in the same series for a complete look.
