**VICTORIA CHANDELIER BY BETHAN GRAY**

\$3,720

## DESCRIPTION

Subtle in its sophistication, this striking chandelier of fanciful forms is a testament to the timeless versatility of marble. Part of the Victoria Lighting Collection by Bethan Gray, each lamp fixture is entirely handcrafted of white Arabescato marble with grooves carved onto the surface, their sinuous waves enhancing the lamp's spherical shape. Each orb is mounted on a tiered, cylindrical base in gold-finished brass, the combination of stone and metal creating striking textural contrast. This superb chandelier will cast an inviting light in a contemporary living or bedroom.
